PeopleCert

WHAT IS PRINCE2® AGILE FOUNDATION

The Foundation Level certification introduces the PRINCE2 method and aims to confirm that you know and understand the PRINCE2 method well enough to be able to work effectively with, or as a member of, a project management team working within an environment supporting PRINCE2.

AT A GLANCE

Core module **to get you started**	Suitable for **Any career stage**	Globally accepted **in the market**	Exam available **in 10 Languages**	Flexible **eLearning options**

KEY BENEFITS

› **Industry-recognized certification** Showcase your ability to excel in essential IT service management, and to handle critical tasks in the field.

› **Employers' first choice**
Certify your expertise in managing IT services, making you the preferred choice for roles in IT service management and support.

› **New career opportunities**
Advance your career in IT with an ITIL certification, opening doors to new roles and cutting-edge opportunities in the evolving tech landscape.

WHAT WILL YOU LEARN?

› **Purpose of PRINCE2 Agile**
Designed for individuals who deliver projects in agile contexts, PRINCE2 Agile Foundation provides tools and methods specific to agile project delivery, integrating agile principles with the PRINCE2 framework.

› **Scope of Application**
PRINCE2 Agile is suitable for both large and small projects, demonstrating its versatility across various project scales and complexities within an agile environment.

› **Certification Value**
This training and certification are beneficial for those in agile projects, offering formal recognition of agile project management skills and enhancing credibility in the field.

› **Inclusive for Roles**
The training applies to a wide range of roles, from project managers and project support staff to broader team members, making it accessible for different levels within a project team.

› **Enhancement of Agile Skills**
PRINCE2 Agile equips participants with a structured approach to agile projects, which improves team collaboration, flexibility, and responsiveness to change within projects.
