

## PECB Certified Lead Crisis Manager

Obtain the necessary competence to guide and support organizations design and develop a crisis management capability based on ISO 22361 and other best practices for crisis management

### **Why should you attend?**

The PECB Lead Crisis Manager training course helps participants develop their competence to support an organization in planning, establishing, maintaining, reviewing, and continually improving its strategic crisis management capability based on the guidelines of ISO 22361 and other best practices. It also provides information regarding the fundamental concepts and principles of crisis management and the effective establishment and implementation of a crisis management framework.

In addition to the explanation of the theoretical concepts related to crisis management, the training course provides practical examples and scenario-based quizzes that will help you reinforce your knowledge and prepare you for real-life scenarios concerning crisis management.

Upon the completion of the training course, participants can sit for the exam and apply to obtain the “PECB Certified Lead Crisis Manager” credential once they pass the exam. The credential demonstrates that the participant possesses the theoretical and practical knowledge and skills to support and lead an organization in designing and developing its crisis management capability based on ISO 22361 guidelines and best practices in this field.
